TIPS FOR HOW TO FIND *Scenic Highways* IN YOUR STATE THIS FALL

Beautiful drives are closer than you think!

1

START WITH YOUR STATE TOURISM WEBSITE

Search “scenic drives in [your state]” or visit your state’s official tourism site. Look for travel guides, road trip ideas, and fall foliage drives.

2

USE ONLINE MAPS & APPS

Try Google Maps, Roadtrippers, or Scenic America. Search “scenic route” or “fall foliage” to discover beautiful highways and byways.

3

CHECK LOCAL RESOURCES

Look to state park websites, local visitor centers, and travel blogs for insider tips on hidden gems and seasonal highlights.

4

ASK LOCALS

Locals know the best back roads! Ask at small-town shops, restaurants, or community Facebook groups for their favorite drives.

5

PLAN, BUT LEAVE ROOM TO EXPLORE

Pick a general route, then take time to stop, explore, and enjoy the journey. Some of the best views are the ones you didn’t plan for!
